PUBLIC PARTICIPATION

(Note: Agenda included notice of opportunity for public comment on CTDOT Ozone and Particulate Matter 2.5 Air Quality Determinations). There was no public comment.

INFORMATION AND DISCUSSION ITEMS

Update on the Transportation Alternatives Program: Rob Sachnin reviewed the status of the FFY 2016-2020 Transportation Alternatives Program solicitation. He stated that eighteen preliminary applications had been received, these from Brookfield, New Fairfield, Newtown, Redding, Ridgefield, Stamford and Wilton. Final applications will be due on November 28, he said.

As the next step the applications will be reviewed with the Technical Advisory Group on December 6. Recommendations as to priorities will then be made to the MPO at the December 15 meeting.

Draft 2017 Meeting Schedule: The draft meeting schedule for upcoming calendar 2017 was reviewed, attached to the agenda and entitled "Draft 2017 COG and MPO Meeting Schedule." Approval will be requested at the December 15 meeting.

ACTION ITEMS

Approval of 10/20/2016 Meeting Minutes: After review and on a motion made by Rob Mallozzi and seconded by Jim Marpe, the minutes of the meeting of 10/20/2016 were unanimously approved, except for abstentions by Nina Daniel and Harry Rilling who were not present.

Air Quality Conformity Concurrence: Rob Sachnin explained that federal law requires all transportation projects “conform” to established air quality goals and standards. He noted that this applies to the regional transportation plans and transportation improvement programs, and the MPO is required to submit periodic Air Quality Conformity Statements to the US Federal Highway Administration and to the US Environmental Protection Agency.

To do this, it is first necessary for technical analyses of the two documents to certify that a positive determination of air quality conformity by the MPO is justified. To assist, CT DOT, prepares the two analyses on behalf of all MPOs in the state as a group. The results of the CTDOT analyses confirm that air quality concurrence by the MPO is appropriate, he said.

The two CTDOT documents entitled “September 2016 Ozone Air Quality Conformity Determination” and “September 2016 Particulate Matter Air Quality Conformity Determination” were made available to the public for review prior to this meeting, he noted.

Mr. Sachnin then presented the requested approval of the resolutions as attached to the agenda and titled as follows:

--- SWRMPO Resolution of Conformity with the Clean Air Act for Limiting Ozone Pollution dated November 17, 2016

--- SWRMPO Resolution of Conformity with the Clean Air Act for Limiting Fine Particulate Air Pollution (PM_{2.5}) dated November 17, 2016

There was discussion. Then on motion made by Jayme Stevenson and seconded by Rob Mallozzi, the air quality conformity resolutions as titled above were unanimously approved.

ADJOURNMENT

Chairman Jayme Stevenson stated that the next meeting would be held at 11:30 AM before the WestCOG meeting scheduled for 12/15/2016 at the Ridgefield Visiting Nurse Association in Ridgefield.

Then on motion made by Rob Mallozzi and seconded by Harry Rilling, it was voted unanimously to adjourn the meeting at 12:05 PM.
