- Opportunities for Non-Municipal Partners

- **Road map.** A menu of coordinated, voluntary actions to promote sustainability.
- **Resources.** Support, including funding and grants, to help municipalities implement actions.
- **Certification.** To recognize municipalities for their sustainability achievements.
- **Flexibility.** Meeting the needs of *all* municipalities, urban or rural, big or small.
- **Livability.** More sustainable, efficient, healthy, safe, resilient, thriving municipalities.

Menu of Voluntary Actions

- Clean and diverse **transportation** systems and choices
- Efficient **physical infrastructure and operations**
- Strategic and inclusive **public services**
- Dynamic and resilient **planning**
- Well-stewarded **land and natural resources**
- Thriving **local economies**
- Healthy, efficient and diverse **housing**
- Vibrant and creative **cultural ecosystems**
- **Inclusive and equitable** community impacts

Sustainable CT communities strive to be...

...thriving, resilient, collaborative, and forward-looking. They build community and local economy. They equitably promote the health and well-being of current and future residents. And they respect the finite capacity of the natural environment.

Sustainable CT Actions

Sustainable CT actions are designed with flexibility to meet the varying needs of all municipalities. Each action description below shows [benefit icons](#) and includes action steps, certification points, resources, and Connecticut success stories.

You must complete one action from each of the nine action categories to receive either [Bronze or Silver certification](#). Many Sustainable CT actions have variable points, which means there are several ways to complete the action. All you need to do is achieve one of the designated point levels listed for that action to consider it complete.

Actions, points, and Bronze and Silver point levels are for 2018 and may change for future certification cycles. Action development is ongoing, and many important topics not captured in the current list are in development. This action list will grow as Sustainable CT evolves.
