7. A question was asked about the budget for this project, and we understand the answer may not be clear cut due to there being several ongoing RFPs that are ongoing concurrently. However, it has been our experience that if we have at least some idea of the magnitude of the budget, we can better prioritize an approach that is logical given the budget constraints. Please let us know if there is a range or any further guidance you can provide.

We cannot provide additional guidance at this time.

8. Please provide a copy of the transfer station feasibility study that was referenced on the pre-bid call.

A proposal was made for a study of municipal transfer stations. No such study has been carried out.

9. To the extent conditions are safe and the parties agree that a group meeting is warranted, can we assume that WestCOG (or one of the participating towns) would be able to arrange for meeting space?

Yes.
