# FUTURE

# Future

- Internal and External COMMUNICATIONS AND ENGAGEMENT continues
- Exploration of TOUCHLESS FARE COLLECTION
- Permanent COVID MESSAGING on buses, at bus station, and stops
- Installation of HAND SANITIZER STATIONS on buses and at bus station
- DRIVER SHIELDS in 100% of fixed route fleet
- NEW SERVICE CONFIGURATION to address crowding
- PPE INVENTORY for 2<sup>nd</sup> peak
- Environmental Services Established
- Continued monitoring of TRANSIT BEST PRACTICES

# \*New Transit “Environmental Services”

## Strategies:

1. Clearly Identify and Understand Threats and Threat Categories
2. Disinfecting
3. Cleaning
4. Pest Control
5. Stages of Cleaning (drivers, in-service, service lanes, cleaning, disinfecting, detailing)
6. New Technology - Best Practices, Based in Science and Demonstrated Health Care Practices
7. Demonstrated Products and Processes
8. Broad Reach – Multiple Threats (Covid-19, H1N1, SARS, MERS, Measles, Ebola, Emerging, Pests etc.)
9. Consider Employee and Passenger Screening
10. Ensure Proper Staffing
11. Ensure Proper Budget
12. Ensure Proper Supplies
13. Ensure Proper PPE – Stockpiling Where Appropriate
14. Ensure QC/QA
15. Ensure Record Retention
16. Process for Plan/Process/Materials and Equipment Review and Updating
17. Community Engagement
18. Develop Partnerships with Experts

## RFP Goals:

1. **Reduce Disease Risk Among Employees and Riders;**
2. **Provide for Continuity of Service;**
3. **Be Resilient to Public Health Threats of Any Kind;**
4. **Instill Confidence in our Environmental Services Among Employees and Riders; and**
5. **Be Proactive *not* Reactive**

✓ **Use of CARES Funding**

✓ **FTA Approval Received**

✓ **Next Step – Scope Development/RFP Issued**

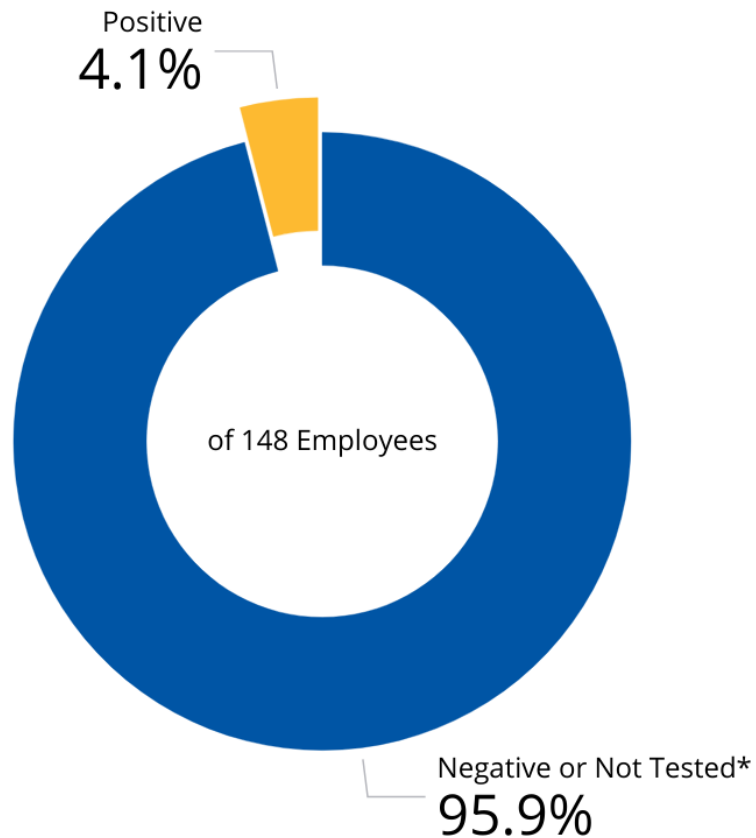

# COVID-19 AT GBT

# Total Covid Cases

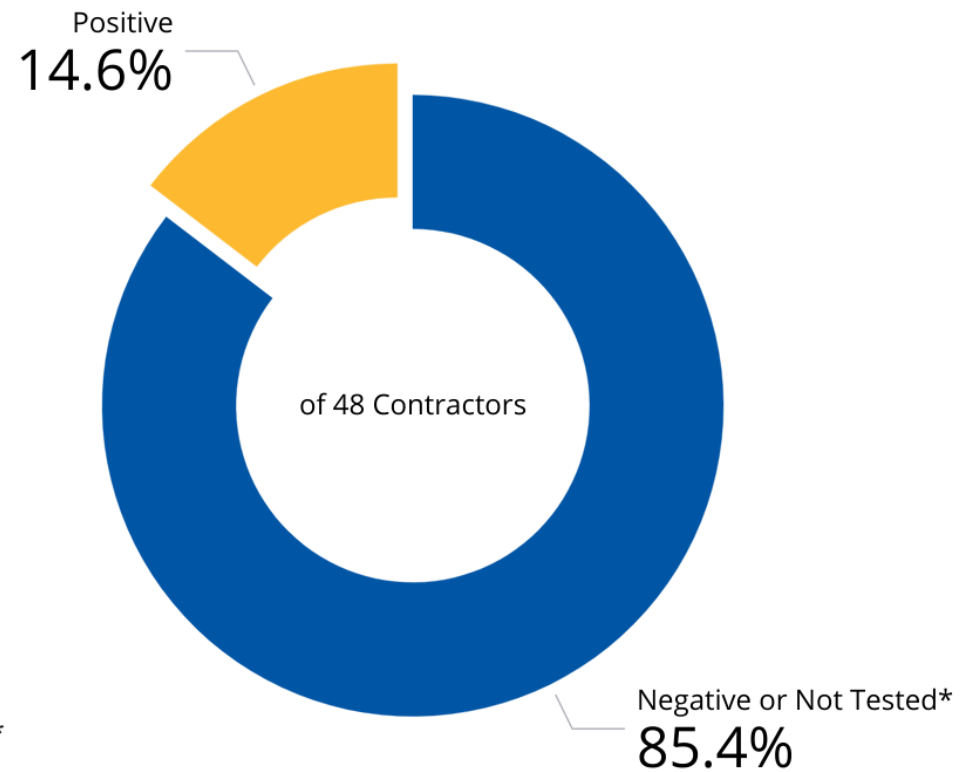

## GBT Employees
