**Process for Grant Project Approvals**
Mike provides a recommendation on how to handle project approvals through the WCEDD for EDA funded projects that do not align with the quarterly cycle of the meetings. A tiered approach was accepted such that, the WCEDD annual schedule is made available, and applicants aim to obtain support and approval within the quarterly system. If required, the WCEDD will approve projects via email. If discussion is needed, WestCOG staff would coordinate a special meeting for the WCEDD.

Chrystal and Rudy requested the COG provide a list distilled list/table/spreadsheet of funding opportunities timelines, requirements, topical areas to assist municipalities strategically pursue grant funds.
