

January 30, 2023

Esteemed Chairs Kavros Degraw and Rahman,  
Members of the Planning and Development Committee:

The Western Connecticut Council of Governments (WestCOG) appreciates the opportunity to comment on House Bill 6558, *An Act Concerning Property Tax Abatement for Certain First-Time Home Buyers*. As you review this bill, you may wish to consider:

- Extending applicability to owner-occupied multifamily housing units. This would ensure that the benefits of the program are available in all parts of the state – including areas where typical single-family home prices exceed the federal sales price limits that govern CHFA mortgages. (In parts of the state close to New York City, few if any single-family homes are eligible for CHFA mortgages; in these areas, only condominiums may qualify for a CHFA mortgage and thus for the proposed tax abatement).
- Extending applicability for the first-time homebuyer tax abatement to homes that carry a United States Department of Agriculture (USDA) mortgage. USDA, like CHFA, provides income-based and subsidized mortgages with the goal of expanding homeownership in low- and moderate-income households in eligible areas – which covers most of the state (over 100 municipalities). CHFA- and USDA-mortgaged homes both count toward the 10% threshold under CGS §8-30g; tax policy should continue this comparable treatment.
- Evaluating options to reduce closing costs, which averaged \$8,821 in Connecticut in 2021<sup>1</sup>. Securing funds to close can put beyond reach homes for many households that can otherwise afford a mortgage payment; reduction in closing costs will further lower barriers to homeownership. Options include moderating the taxes and fees that account for approximately half of the \$8,821 average, as well as legal and regulatory improvements that reduce the need for the third-party services that make up the other half. (For instance, Australia, New Zealand, and Canada have all but eliminated title searches and insurance<sup>2</sup>.)

Thank you for your consideration.

Francis R. Pickering  
Executive Director
