INTERIM MINUTES SUBJECT TO FINAL APPROVAL BY THE COG MEMBERS

# Western Connecticut

## COUNCIL OF GOVERNMENTS

TO: MPO Members  
DATE: December 29, 2025  
SUBJECT: Amendments to the 2025-2028 Transportation Improvement Program

### **SWRMPO FFY 2025-2028 Transportation Improvement Program (TIP)**

**Background:** The FFY2025-2028 South Western Region MPO TIP was endorsed by the MPO on April 18, 2024. The TIP was incorporated into the larger Statewide TIP, which was approved by USDOT and EPA on August 5, 2024.

The following projects have proposed amendments:

1. 0301-0509CN: NHL-Stamford Maintenance of Equipment Facility
2. 0301-0189CN: NHL-Fort Point Street Bridge
3. 0301-0187CN: NHL-Replacement-East Avenue Bridge
4. 0301-0176CN: NHL-Walk Movable Bridge Program
5. 0300-2026TK: New Haven Line Track Program
6. 0102-0380: Mill and Pave Various Bridges

Details of these amendments can be viewed on the following pages.

**Action Requested:** MPO endorsement after review and support by TAG.

# Western Connecticut COUNCIL OF GOVERNMENTS

## 2026-01-8 #01 RESOLUTION FOR ENDORSEMENT OF TARGETS FOR SAFETY PERFORMANCE MEASURES ESTABLISHED BY CTDOT

WHEREAS, the South Western Region Metropolitan Planning Organization (SWRMPO) has been designated by the Governor of the State of Connecticut as the Metropolitan Planning Organization responsible, together with the State, for the comprehensive, continuing, and cooperative transportation planning process for the South Western Region; and

WHEREAS the Highway Safety Improvement Program (HSIP) final rule (23 CFR Part 490) requires States to set targets for five safety performance measures by August 31, 2025, and

WHEREAS, the Connecticut Department of Transportation (CTDOT) has established targets for five performance measures using both a 5-year moving average trendline and an annual trendline to guide the selection of targets for:

- (1) Number of Fatalities,
- (2) Rate of Fatalities per 100 million Vehicle Miles Traveled (VMT),
- (3) Number of Serious Injuries,
- (4) Rate of Serious Injuries per 100 million VMT, and
- (5) Number of Non-Motorized Fatalities and Non-motorized Serious Injuries, and

WHEREAS, the CTDOT coordinated the establishment of safety targets with the 8 Metropolitan Planning Organizations (MPOs) in Connecticut at the August 2025 COG Coordination meeting, and

WHEREAS, the CTDOT has officially adopted the safety targets in the Highway Safety Improvement Program annual report dated August 31, 2025, and the Triennial Highway Safety Plan (24/25/26) dated July 2023 and

WHEREAS the SWRMPO may establish safety targets by agreeing to plan and program projects that contribute toward the accomplishment of the aforementioned State's targets, or establish its own target within 180 days of the State establishing and reporting its safety targets,

NOW THEREFORE, BE IT RESOLVED, that the MPO Policy Board has agreed to support CTDOT's 2026 targets for the five safety performance targets as attached herein, and

BE IT FURTHER RESOLVED, that the MPO Policy Board will plan and program projects that contribute to the accomplishment of said targets.

*CERTIFICATE: The undersigned duly qualified Secretary of the SWRMPO certifies that the foregoing is a true and correct copy of a resolution adopted by the voting members of the SWRMPO on December 18, 2025.*

## Safety Performance Measures – 2026 CT DOT Safety Targets

**Background:** On March 15, 2016, the Federal Highway Administration (FHWA) published a final rule to establish performance measures for State departments of transportation to carry out the Highway Safety Improvement Program (HSIP). The HSIP is a federal-aid program which seeks to reduce traffic fatalities and serious injuries on all public roads. There are five safety performance management measures for the purpose of carrying out the HSIP:

- Number of Fatalities
- Rate of Fatalities per 100 million Vehicle Miles Traveled (VMT)
- Number of Serious Injuries
- Rate of Serious Injuries per 100 million VMT
- Number of Non-Motorized Fatalities and Non-Motorized Serious Injuries

**CT DOT Statement on Target Setting:** As stated in the following document, it is important to note that the term “Target” used in this technical memo is in accordance with the Federal Register, but CT DOT disagrees with the use of the term “Target” as it implies that a specific number of deaths or serious injuries are acceptable. The Federal Highway Administration (FHWA) determines whether a State has met its Safety Performance Targets based on the 5-year moving average. The use of 5-year moving averages smooths out what can sometimes be significant fluctuations in data from one year to the next. Since large annual fluctuations in data are relatively common, basing performance targets on “annual” data alone can result in the selection of faulty targets and an inability to achieve the selected performance targets. CT DOT is committed to setting “aggressive” safety targets and then developing a strong program to achieve the targets. This aggressive target setting increases the risks of not achieving targets, but it is consistent with the high priority that CT DOT has given to advancing its safety program. Additionally, FHWA recognizes states may choose to set aggressive targets as part of their strong commitment to safety. CT DOT is actively working to decrease the traffic fatalities on Connecticut roadways, developing non-receding or improving data driven targets, with the ultimate goal of zero fatalities.

### **CT DOT 2026 Safety Targets:**

A summary of the targets and data analysis are included in the following document provided by CT DOT. The proposed targets established for 2026 are as follows:

- Number of Fatalities: 270
- Rate of Fatalities per 100 million Vehicle Miles Traveled (VMT): 0.850
- Number of Serious Injuries: 1,300
- Rate of Serious Injuries per 100 million VMT: 4.300

- Number of Non-Motorized Fatalities and Serious Injuries: 280

**Next Steps:** Both CTDOT and the Connecticut MPOs are required to establish and report safety targets, but at different times. CTDOT set their targets for the five categories referenced above in August 2025. Following the establishment of State targets, MPOs have 180 days to either support CTDOT targets or establish other targets. Targets may be adjusted annually. If HVMPO and SWRMPO set their own targets, they then take on the responsibility of developing a methodology, reporting on targets, and meeting the targets. WestCOG is unable to calculate Rate of Fatalities per 100 million VMT and Rate of Serious Injuries per 100 million VMT due to the lack of VMT data available for the Region. Historically, the TAG and MPOs have voted to support the State's targets.

The 180-day window for setting MPO targets closes February of 2026 and requires action. The MPO's have two options, they may support the CTDOT targets or develop their own quantifiable targets. The TAG can consider recommending the MPO Policy Boards endorse resolutions supporting the 2026 State Targets.

**Role of MPO in Supporting Performance Measures:** In 2022, the HVMPO and SWRMPO signed resolutions to endorse the eventual goal of zero highway fatalities and serious injuries. The voting members committed to achieving an 80% reduction in highway fatalities and serious injuries over the next 25 years. The MPOs work to achieve this goal by:

- Supporting countermeasures from the Regional Transportation Safety Plan (RTSP), which identifies high crash locations and determines if infrastructure, behavioral education and/or enforcement improvements are needed. WestCOG will be updating the RTSP in 2026.
- Submitting grant applications to implement data-driven, multimodal, multidisciplinary roadway safety solutions in the Region. This includes WestCOG's 2023 grant award from the Safe Streets and Roads for All (SS4A) discretionary grant program. The funding will be used to implement systemic safety improvements at 93 locations throughout the Region; these improvements were based on the recommendations from the RTSP.
- Identifying and potentially including safety to aid in the solicitation process for transportation programs such as LOTCIP and TAP.
- Active membership on the CTDOT Strategic Highway Safety Plan Committee.
- Active membership on the Safety Circuit Rider Advisory Committee, Connecticut Transportation Institute.
- Evaluating safety as part of ongoing transportation planning projects and corridor studies.

SAVE THE DATE

## LEGISLATIVE RECEPTION

29 JANUARY 2026  
AT 12:00 PM

The Ridgefield Town Hall  
Annex

A hot lunch will be  
provided  
[westcog.org](http://westcog.org)
