

WestCOG Technical Advisory Group (TAG)
Wednesday, July 8th, 2026 at 11:00 am
Zoom Link: <https://uso2web.zoom.us/j/89531093509>
Meeting ID: 895 3109 3509

Agenda

- 1) MEETING CALL TO ORDER
 - a. WestCOG Transportation Director Kristin Hadjstylianos

- 2) PUBLIC PARTICIPATION *limited to topics on this agenda and to 2 minutes per speaker.*

- 3) INFORMATIONAL ITEMS
 - a. New Staff
 - b. Legal Notice Assessment
 - c. ADA Transition Plan Assistance Project Update
 - d. Safe Streets for All Project Update
 - e. Municipal Fire Plans
 - f. 2026 LOTCIP Solicitation.....Attachment 3f, pp. 1-8

- 4) ACTION ITEMS
 - a. Approval of the June 2026 meeting minutes.....Attachment 4a, pp. 9-11
 - b. LOTCIP Adjustments.....Attachment 4b, pp. 12-13
 - c. FY25-FY28 Transportation Improvement Program.....Attachment 4c, pp. 14-19
 - i. SWRMPO - #0056-0316; Greenwich & Stamford, #0300-3806; Various,
 - ii. HVMPO - #0300-3806; Various, #0170-3806; Various, #0170-3818; Various

- 5) OTHER BUSINESS

- 6) UPCOMING MEETINGS
 - a. MPO/COG Thursday, July 16, 2026 @ 12:00 p.m.
 - b. TAG Meeting Tuesday, August 11th, 2026

- 7) ADJOURNMENT

ENGLISH: For language assistance or other accommodations, contact Western Connecticut Council of Governments at least five business days prior to the meeting at help@westcog.org. ESPAÑOL: Para asistencia con el idioma y otras adaptaciones, por favor póngase en contacto con WestCOG por lo menos cinco días hábiles antes de la reunión al help@westcog.org. PORTUGUÊS: Para obter assistência língua ou outras acomodações, entre em contato com WestCOG pelo menos cinco dias úteis antes da reunião em help@westcog.org.

**Local Transportation Capital Improvement Program
Project Solicitation
September 25, 2026**

1. **Objective:** To invite proposals from Western Connecticut Council of Governments (WestCOG) municipalities for funding through the Region’s Local Transportation Capital Improvement Program (LOTICIP). This document also identifies the framework to be used for selecting and administering regional LOTICIP projects. It is WestCOG’s goal to program and administer funds in a manner that is orderly, equitable, and beneficial to the Region. **Interested municipalities must submit Project Proposals and supporting attachments (cost estimate, CEO letter committing to fund design, other as appropriate) for each proposed project by 4:00 PM, November 13, 2026.** Digital-only submissions are requested. A Project Proposal Outline and Cost Estimate template are provided with this Solicitation.

2. **Background:** LOTICIP provides State funding for a variety of municipal transportation capital improvements, including bridge rehabilitation and replacement, road/street reconstruction, intersection improvements, traffic signalization, streetscapes, sidewalks, multi-use trails and pedestrian facilities (including pedestrian bridges). As established by the Connecticut Department of Transportation (CTDOT) and outlined in the latest version (currently November 2021) of the [LOTICIP Guidelines](#), COGs are assigned certain administration responsibilities including soliciting, prioritizing and endorsing projects. Consequently, WestCOG will review proposals for eligibility, scope, and reasonable cost estimation. WestCOG will prioritize and selectively endorse eligible projects.

3. **Eligibility:** LOTICIP provides up to 100% funding for eligible construction and Right of Way (R/W) acquisition costs. The [LOTICIP Guidelines](#) provide detailed eligibility criteria, which are summarized below:
 - Improvements to roads/street and bridges (regardless of length) functionally classified as a rural major collector, urban collector or arterial (see next two bullets related to broader eligibility for bridge and Transportation Alternative projects).
 - Improvements to bridges (rehabilitation or replacement) on public roads with lengths 20 feet and greater, regardless of functional classification.
 - Transportation Alternative projects (typically, bicycle and pedestrian improvements) are eligible, regardless of location (i.e., do not need to be associated with a collector or arterial).
 - Minimum project construction cost is \$300,000.

Projects shall be in compliance with the Connecticut General Statutes § 13a-153(f), which requires that “accommodations for all users shall be a routine part of the planning, design, construction, and operating activities of all highways.”

DRAFT

In addition to the CTDOT criteria, projects selected through this solicitation will be limited to \$4,000,000 of LOTCIP funds. Costs above this amount, regardless of eligibility, will be the responsibility of the municipality unless a waiver is approved by the COG.

Project proposals submitted under previous solicitations that have not been endorsed by the COG by the issuance date of this solicitation will not be given further funding consideration unless an updated proposal is submitted pursuant to this solicitation. Municipalities are encouraged to submit updated proposals.

A sponsoring municipality will be required to have a current, executed CTDOT Master Municipal Agreement (MMA) prior to COG endorsement.

Eligible applicants are the eighteen municipalities comprising WestCOG.

The cost of project design, which may be performed by either municipal staff or consultants, is the responsibility of the sponsoring municipality. This cost is considered the municipal “match” or share of the project’s total cost. A letter signed by the municipal Chief Elected Official committing to fund project design is a required element of a Project Proposal.

4. **Funding and Programming:** WestCOG “over programs” LOTCIP funds which means that it will, as appropriate, endorse an aggregate funding amount greater than has been allocated by legislation. Over programming allows more effective use of allocated funds by considering the time required to advance from project initiation to construction and the possibility of attrition.

The established “end-of-year target” (i.e., total WestCOG-endorsed LOTCIP funds as of June 30, 2027) is \$202 million. It is anticipated that approximately \$12 million of LOTCIP funds will be committed to new projects selected through this solicitation and \$3 million of funding increases will be committed to previously approved projects in the design phase. As previously noted, the maximum LOTCIP funds per project endorsed through this solicitation is \$4,000,000.

5. **Project Evaluation Criteria:** The following factors will be used to evaluate and prioritize proposals:

- Conformance to CTDOT requirements and [LOTICIP Guidelines](#)
- Status of design.
- Shared program benefit (i.e., past program funding).
- Municipality’s historical performance advancing projects.
- Regional significance.

The status of design will be assessed based on the extent that the scope, limits, right-of-way requirements, public concerns and likely impacts have been defined, considered and/or resolved, as applicable, and reflected in the cost estimate. Historically, too many projects have been abandoned, significantly altered or meet public opposition after being endorsed by the COG. Project concepts that have not been carefully evaluated for feasibility and/or potential negative impacts (e.g., property,

DRAFT

existing infrastructure, environmental resources) should not be submitted but rather considered for a subsequent solicitation, after completing critical reviews and refinement.

6. **Project Review and Endorsement Process:**

- **Municipalities submit proposals:** Interested municipalities submit a Project Proposal, Cost Estimate, letter signed by the Chief Elected Official committing to fund design and other supporting information (Project Proposal Outline and Cost Estimate templates provided).
- **Staff review and evaluation of proposals:** WestCOG staff will review proposals for eligibility, conformance with program requirements, and in relation to the evaluation criteria resulting in a recommendation for each proposal.
- **TAG review:** Staff will present a summary of its evaluation and recommendations to the TAG, after which the TAG will make recommendations to the COG.
- **COG endorsement:** The COG will present the staff and TAG recommendations, after which the COG will determine which projects and associated funding level it will endorse.

Project Proposals that are considered eligible for LOTCIP funding but lack an adequate level of scope definition and/or cost estimation will be referred back to the sponsoring municipality for refinement and subsequent reconsideration for COG endorsement under the current or subsequent solicitation.

7. **Post-Endorsement Project Development and Administration:** Sponsoring municipalities have primary responsibility for advancing development of LOTCIP projects, including design, R/W acquisition, construction contract solicitation (i.e., bidding), construction inspection and contract administration. These functions can be performed by municipal staff or consultants. Following the COG's initial endorsement, the focus turns to securing CTDOT funding (Commitment to Fund letter) and project delivery. To facilitate continued progress, COG-endorsed projects will be monitored and managed as described below.

Progress and Schedules

The COG endorses projects based on information provided in Project Proposals. However, to secure a Commitment to Fund from the CTDOT, the municipality must complete a LOTCIP Application ([LOTCIP Guidelines](#), Appendix B). The municipality is required to submit a DRAFT LOTCIP Application (complete but not signed) to WestCOG within 60 days of COG endorsement. WestCOG's review typically results in comments and revision prior to signing and resubmission.

Once a COG-endorsed Application is submitted to CTDOT, the Local Roads Unit staff will review it and coordinate with the municipality, typically making comments and asking questions. The municipality is responsible for providing responses. Timely resolution of comments is critical to overall project delivery. The municipality should coordinate any issues related to scope or cost increase with WestCOG staff prior to responding to the CTDOT. In some cases, a supplemental COG endorsement will be required. Following satisfactory resolution of comments, CTDOT will issue a Commitment to Fund letter.

Within 60 days of the Commitment to Fund letter, the sponsoring municipality is required to prepare and submit a project delivery schedule to WestCOG. The schedule should include the expected dates of reaching significant pre-construction and construction milestones. Example milestones include design

DRAFT

initiation (consultant notice to proceed), phase design submissions (preliminary, semi-final, final), completion of property maps and appraisals, completion of R/W acquisition, recipient of permits, authorization to advertise, advertisement for bids, contract award, construction notice to proceed and completion of construction. Although schedules are subject to change, maintaining progress is important and schedule discipline should be exercised.

The COG's commitment (endorsement) of LOTCIP funding for projects expires six (6) years from the initial endorsement, unless the Authorization to Advertise milestone has been reached within that time. A municipality may apply for an extension of the expiration date or, in the case of an expired endorsement, reapply for LOTCIP funding. These requests will be considered in the context of other pending requests.

Quarterly Reports

The CTDOT requires that sponsoring municipalities provide updated schedule and cost information for all projects that have received a Commitment to Fund letter. See [LOTCIP Guidelines](#), Appendix M. The information is used by CTDOT for staff workload scheduling and financial planning (i.e., funds are available for projects when needed). WestCOG staff collect the information from municipalities and prepare/deliver the report to CTDOT.

Changes

Projects are scoped, reviewed, and initially endorsed based on preliminary information. Subsequent project development (i.e., detailed evaluation and design, public involvement, impact mitigation) may reveal additional information, requirements, and cost. The following guidance is provided in relation to scope and cost increases.

Projects with CTDOT funding commitments that experience an increase estimated cost of 20% or more require coordination with WestCOG and CTDOT as outlined in the [LOTCIP Guidelines](#).

LOTCIP funding is designated (by WestCOG and CTDOT) for a particular project scope and location. These funds are not "block grants" that may be used for any eligible purpose. In the event a project, as endorsed by the COG, is no longer viable, municipal staff shall inform WestCOG. Depending on circumstances, rescoping or cancellation with or without a replacement project may be appropriate. Significant consideration is given to the preference of the municipal sponsor.

If at any time during project development (i.e., after COG endorsement and prior to Authorization to Award), the estimated project cost exceeds the COG-endorsed amount, regardless of the reason, the municipality will be required to fund the increase with municipal sources or secure the COG's endorsement for additional LOTCIP funding. Although an increment LOTCIP funds will be reserved for adjustments to previously endorsed projects, municipalities should not assume that LOTCIP funds will be available for all cost increases. Municipalities should be prepared to 'offset' cost increases (e.g., reducing LOTCIP funds for other projects, municipal funds).

- Project Proposal Outline
- Cost Estimate Template

Local Transportation Capital Improvement Program (LOTICIP)
Project Proposal Outline
Project Solicitation

1. **Project Title:**

2. **Project Sponsor Information:**

Municipality:

Contact Name:

Title:

Contact's email address:

3. **Project Location:** *Please attach location map.*

4. **Project Eligibility:**

Road, bridge or intersection on a major rural collector, urban collector or arterial

Improvement to a bridge with span of 20 feet or greater

Pavement preservation or pavement rehabilitation

Sidewalk-only construction

Transportation Alternative project, e.g., multi-use trail, pedestrian bridge, etc.

Note: Project construction cost must be at least \$300,000 to be eligible under this program. The maximum LOTICIP funds per project is \$4,000,000. [See solicitation.]

5. **Project Purpose and Need:** *Describe the project objectives and problems or deficiencies that will be addressed by the project.*

6. **Project Description:** *Describe the specific infrastructure (i.e., types, materials, locations, limits) being proposed.*

7. **Cost Estimate:** *Provide a detailed cost estimate spreadsheet, including 10% contingencies and 10% incidentals (construction inspection and materials testing), as well as right-of-way acquisition and utility relocation costs. Indicate funding (LOTICIP, municipal share) for each phase. The Cost Estimate template (Sample Cost Estimate Form) is available at the CT DOT [LOTICIP web page](#) and a copy is also provided with WestCOG's solicitation.*

Summary of Estimated Costs:

Complete the table below to indicate the funding of each LOTCIP-eligible phase. LOTCIP funds are not eligible for design. Most (but not all) right-of-way (R/W) and Construction phase work is eligible for 100% State (LOTICIP) funds. Utility relocations are eligible as indicated by the [CT DOT Cost Estimate Guidelines](#), Table 2.

Phase	LOTICIP Funds (\$)	Municipal Funds (\$)	Total (\$)
Right-of-Way (R/W)			
Construction (CON)			
Utility Relocations (UTL)			
Total (R/W, CON, UTL)			

8. **Status of Design:** Design and contract documents prepared by (indicate which):

Municipal staff _____

or

Consultant _____

Design (include current plans as part of supporting information)

_____ % complete

9. **Supporting Information** (as applicable):

- *Planning or engineering studies*
- *Plans*
- *Traffic volumes (ADT and/or turning movements)*
- *Speed data*
- *Crash data*
- *Safety issues*
- *Right-of-Way acquisition needed*
- *Other funding sources (if applicable)*
- *Other applicable information*

10. **Priority of Project for Sponsor:**

If a municipality is submitting more than one application, please provide the numerical rank for this project (i.e., 1st priority, 2nd priority, etc.)

11. **Local Commitment to Fund Design:** *Attach a letter signed by the Chief Elected Official, indicating the municipality's commitment to fund engineering design, as well as any proposed municipal share of right-of-way or construction costs, if applicable.*

12. Please submit the completed proposal in digital format to Kevin Mahoney KMahoney@westcog.org at WestCOG by the due date.

Disclaimer: These interim minutes of the Technical Advisory Group (“TAG”) of the Western Connecticut Council of Governments (“WestCOG” or “COG”) are released and “available for public inspection” and “posted” on WestCOG’s website, in accordance with C.G.S. §1-225(a). Said interim minutes are subject to review and approval by the TAG members, after which time the final approved minutes will be available and posted in accordance with laws. Accordingly, the interim minutes may contain inaccuracies and do not reflect the final action of the TAG.

INTERIM MINUTES OF 06/09/2026

Technical Advisory Group Meeting (TAG)

1 Riverside Rd, Sandy Hook, CT 06482 475-323-2070 via Zoom:

<https://us02web.zoom.us/j/89531093509>

• Bethel	Absent
• Bridgewater	Absent
• Brookfield	Community Development Specialist Greg Dembowski
• Danbury	Traffic Engineer Veera Karukonda
• Darien	Director of Planning and Zoning Jeremy Ginsberg
• Greenwich	Chief Engineer Gabriella Circosta-Cohee
• New Canaan	Town Engineer Maria Coplit
• New Fairfield	Absent
• New Milford	Director of Public Works Jack Healy
• Newtown	Absent
• Norwalk	Principal Engineer Jim Meehan
• Redding	Absent
• Ridgefield	Absent
• Sherman	Absent
• Stamford	Absent
• Weston	Absent
• Westport	Town Engineer Keith Wilberg
• Wilton	Senior Civil Engineer Stephen Santacroce
• Transit Representative SWR	Richard Schreiner (NTD)
• Transit Representative HV	Absent

Others Attending: CTDOT Transportation Planner II Matthew Abbott, FHWA Transportation Specialist Jennifer Brady, David Murphy from Resilient Land and Water, Brookfield Summer Interns Matthew Silliman and Julian Enea, and P.E. Michael Joyce from CDM Smith.

WestCOG Staff Members: Kristin Hadjstylianos, Mike Wilson, Farnaz Kamyab, Amal Malik, Todd Fontanella, Nick Trabka, WestCOG Planning Aides Julianne Thibault, Julia Kaiser and Howard Truax, WestCOG Sustainable CT Fellows Lyah Muktavaram and Brianna Jackson, Princeton Intern Kameil Crane, and Cricket Carpenter.

MEETING CALL TO ORDER: WestCOG Transportation Director Kristin Hadjstylianos called the meeting to order at 11:01 a.m.

INFORMATIONAL ITEMS

Summer Intern Introductions (Princeton, Stormwater and Culvert/Bridge mapping)

WestCOG Transportation Director Kristin Hadjstylianos opened the introductions. The interns introduced themselves and gave some background on themselves.

Housing Update

WestCOG Planner Farnaz Kamyab provided an overview on the Regional Housing Growth Plan, zoning changes, and a general schedule for municipal coordination and plan development.

Bridge and Culvert Mapping Program Underway

WestCOG Senior Data Scientist Nick Trabka gave an overview of the Bridge and Culvert mapping program.

ADA Transition Plan Assistance Project Update

WestCOG Senior Planner Mike Wilson provided an update.

HMP Update

WestCOG's Kristin Hadjstylianos provided the update. David Murphy from Resilient Land and Water gave a presentation regarding the Hazard Mitigation Plan update and municipalities should expect a draft of their recommendations this summer for review.

ACTION ITEMS

Approval of the May 2026 meeting minutes

After review and on a motion made by Brookfield Community Development Specialist Greg Dembowski and seconded by Danbury Traffic Engineer Veera Karukonda the minutes of the May 2026 meeting were unanimously approved.

FY25-FY28 Transportation Improvement Program

SWRMPO - #170S-SNON; Statewide

HVMPO - #170S-SNON; Statewide, 0174-0492; Danbury

WestCOG Associate Planner Amal Malik provided an overview. After review and on a motion made by Danbury Traffic Engineer Veera Karukonda and seconded by Westport Town Engineer Keith Wilberg the FY25-FY28 Transportation Improvement Program Amendments were unanimously approved.

OTHER BUSINESS

There was discussion regarding the STEAP Program.

UPCOMING MEETINGS

MPO/COG Thursday, June 18, 2026 @ 12:00 p.m.

TAG Meeting Wednesday July 8, 2026

ADJOURNMENT: On a motion duly made, the meeting was unanimously adjourned at 11:32 a.m.

INTERIM MINUTES SUBJECT TO FINAL APPROVAL BY THE TAG MEMBERS

 SUBJECT: Amendments to the 2025-2028 Transportation Improvement Program

SWRMPO FFY 2025-2028 Transportation Improvement Program (TIP)

Background: The FFY2025-2028 South Western Region MPO TIP was endorsed by the MPO on April 18, 2024. The TIP was incorporated into the larger Statewide TIP, which was approved by USDOT and EPA on August 5, 2024.

The following projects have proposed amendments:

1. 0056-0316 – Pavement Preservation from NY State Line to Exit 6
2. 0300-2026CN – NHL Time Phase 1 (Track, Catenary Upgrades – 6 Bridges, CP 259 Interlocking)

Details of these amendments can be viewed on the following pages.

Action Requested: MPO endorsement after review and support by TAG.

HVMPO FFY 2025-2028 Transportation Improvement Program (TIP)

Background: The FFY2025-2028 Housatonic Valley Region MPO TIP was endorsed by the MPO on April 18, 2024. The TIP was incorporated into the larger Statewide TIP, which was approved by USDOT and EPA on August 5, 2024.

The following projects have proposed amendments:

1. 0300-2026CN – NHL Time Phase 1 (Track, Catenary Upgrades – 6 Bridges, CP 259 Interlocking)
2. 0170-3806 – Replace Variable Message Signs
3. 0170-3818 – Install Variable Message Signs

Details of these amendments can be viewed on the following pages.

Action Requested: MPO endorsement after review and support by TAG.

0056-0316 - PAVEMENT PRESERVATION FROM NY STATE LINE TO EXIT 6

PAVEMENT PRESERVATION FROM NY STATE LINE TO EXIT 6

Lead Agency:	CTDOT
Project Type:	FHWA
Region:	1
Town:	GREENWICH, STAMFORD
Air Quality Status:	-
Total Cost:	\$5,789,974

Phase	Fund Source	Prior	FY2025	FY2026	FY2027	FY2028	Future	Total
Construction	NHPP	\$0	\$3,860,977	\$1,350,000	\$0	\$0	\$0	\$5,210,977
Construction	State Match	\$0	\$428,997	\$150,000	\$0	\$0	\$0	\$578,997
Total Construction		\$0	\$4,289,974	\$1,500,000	\$0	\$0	\$0	\$5,789,974
-	NHPP	\$0	\$0	\$0	\$0	\$0	\$0	\$0
Total Programmed		\$0	\$4,289,974	\$1,500,000	\$0	\$0	\$0	\$5,789,974

Current Change Reason:	Schedule / Funding / Scope- Update 01 - Move projects from one year in the STIP to another year in the STIP - 04 - Adjust existing projects for revised cost estimates
Project Changes:	Plan Revision Name changed from "May 2025 Amendment" to "July 2026 Amendment"

0300-2026CN - NHL - TIME PHASE 1 (TRACK, CATENARY UPGRADES - 6 BRIDGES, CP 259 INTERLOCKING)

NHL - TIME PHASE 1 (TRACK, CATENARY UPGRADES - 6 BRIDGES, CP 259 INTERLOCKING)

RW Project ID:
CN Project ID: **DOT01703818CN**

Please Review Project Information and Estimate for Approval:

Project Description (short): 30 (30 Characters)	Install Variable Message Signs
Project Description (long): 62 (254 Characters)	Install approximately 12 new Variable Message Signs statewide.

Long Description/Justification: 204 (1333 Characters)	This project is to install new Variable Message Signs (VMS) to provide motorist information on road conditions and congestion and aid in construction and maintenance work. PE phase includes a PD/FD split.
Project Manager: Anthony M. Colangelo	
Project Engineer: Adam J. Plecan	Additional Notes: PPI # PP126-0015 resulting in two separate projects (0170-3806 for VMS replacements and 0170-3818 for new VMS installations). Project information on RPM differs from PPI due to scope, schedule and cost revisions associated with processing delays and establishing two projects. Per PPI, CN anticipated to take 2 seasons. While this project is using a 0170 "Statewide" project number, for STIP purposes it only includes work in the following regions: 02, 06, 08, 10, 11, 13, 15. Federal funds for CN initially planned to be phase financed over FFYs 2028 and 2029 (\$9M in FFY28, balance in FFY29).

Scope Code: **ST 5** ST 5 - Signing (Scope Code is only for a project w/CN phase)

Requested Schedule (Project Manager):		* Schedules for phases beyond PE(PD) to be reassessed and revised if necessary after PE(PD) budgeted and opened in Core-CT and design underway.
